

mylogin

Working with **ICT4**

**Maximise lesson time with
super-fast single sign-on
for apps and devices**

Skip the hassle of student logins

With so much to juggle each day,
the last thing teachers need to worry about
is logging students in at the start of lessons.

Multiple applications
and platforms requiring
different logins.

Time consuming
password recovery
process.

Security risks
with multiple sets
of credentials.

“

You had 30 children in the classroom
screaming 'I don't know my password' 'I can't
remember my password' [it is] really stressful!

Mrs Samantha Williams
Deputy Headteacher

“

It can take our teachers up
to 25 minutes to get the class
signed-in and learning.

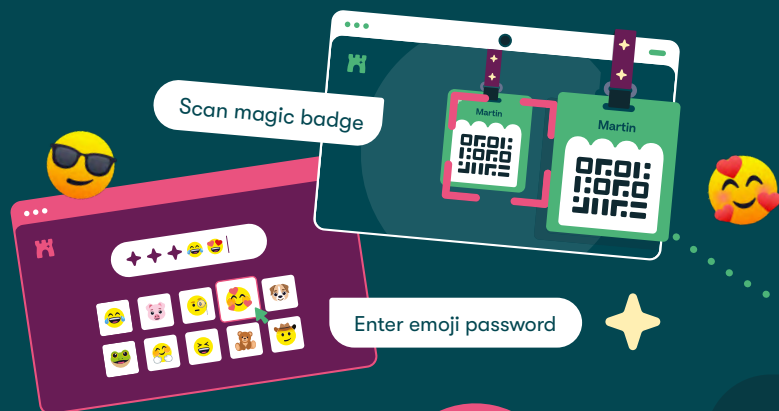

Josh Capon
Asset Education

Imagine a tool that offers super-fast single sign-on with child-friendly options...

Maximise lesson time and boost student engagement.

Say goodbye to login issues, including forgotten passwords.

Super-fast easy login with child-friendly sign-in options.

Personalised dashboards with all your favourite apps.

“

We have recently introduced MyLogin at Birchwood Primary School and it's been an absolute game changer! One of the most impactful new resources in many years. Staff and pupils absolutely love it.

Neil Coleman
Headteacher Birchwood Primary School
